This action was considered to be a step forward. Officers elected were; President Olen O. Rose, Vice-president Oscar S. Nissen, and Secretary-treasurer Charles E. Sample.

John Murray was still editing the Washington Massage News and doing a fine job of it.

Wisconsin Chapter offered a prize to the writer of the best slogan concerning massage that was entered before the Boston Convention. At their December 10th meeting, in the home of Mino Randall, Mal-practice insurance came in for a good deal of discussion. 1961 officers were the same as the year before.

1962

Arizona Chapter had fifteen paid up members in 1962. A letter from Mr. Gammon, National President, stated that upon the suggestion of Mr. Sprague, a credential letter, for state officers, would be readied. This suggestion was passed as a motion at the National Convention in 1962. All officers were re-elected and since Mrs. Biersdoerf resigned her post of Secretary-treasurer, Mrs. Sprague was given the office. Mr. Gammon attended the meeting of September 15th, and

told the group that all three suggestions proposed by their chapter had been presented and passed at national convention, i.e. change of name of the national magazine to Massage Journal, change in by-laws, change in application blanks.

The California Chapter quarterly meeting was held in Modesto, March 17th and 18th with thirty in attendance. Vice-president Irene Jordan presided in the absence of President Dausman. At this time the need for a News Letter was presented and J. H. Hatch was elected as editor and instructed to publish bi-monthly, alternating with the Massour. Anna Hoopes conducted a work shop and seven demonstrations were given. April 23, 1962, the first News Letter went to press and was mailed out to Californians one hundred and eleven members. It was decided that the Unit 3 should hold their meetings in the homes of members, rather than Hotels, in order to give others ideas of the working arrangements of their offices.

California State Convention was held June 8th, 9th and 10th in Long Beach with President Charles Dausman presiding. The by-laws were read and accepted and it was decided to incorporate the State Chapter within ninety days. Five Californians attended the National Convention. They were National President George Gammon and Mrs. Gammon, Mrs. Agnes Erohin, Ellen Chenard and Lew Hatch. During this summer there was an attempt to form an independent chapter in the north section of the state. However, it was not handled quite right and in the final discussions it was decided to stand as one strong and united State Chapter. Attendance at Unit 4 was so poor that members voted to consolidate with Unit 1 until there were enough members in Unit 4 to re-establish, and it was agreed to hold part of the meetings close to Unit 4.

The September quarterly meeting was held in Modesto the 29th and 30th with thirty-five in attendance. Plans were made to hire an attorney, present the Massage Bill in the next Legislature, get mal-practice insurance, etc. California received a \$37.50 Bond from the National for bringing in the most new members. There were one hundred and twenty-five registered delegates, representing nineteen states. Convention Chairman Virginia C. George and Co-Chairman Ann B. White were examples of efficiency and hospitality at its best. The name of The Masseur magazine was changed to the Massage Journal in the thought that this name would meet the requirements of any state chapter. This change was reflected in the next issue of the national magazine and along with the new name came a new look. It was interesting to note that there were fourteen man and wife teams of massage therapists in attendance.

Dr. Garton, California, was in charge of the workshop, where they had ten tables in use for the demonstrations. A gift of Mrs. Lydia Hanson (Billie Riddle as she is now known), Montana, in memory of her late husband, Louis, resulted in the establishment of a non-interest Student Loan Fund. For officers elected in 1962, see list in back of book. All enjoyed a tour of Old Boston historical sites, where a couple of members were lost at one of the stops, however, they were found again before the end of the tour. Washington State Legislature had passed House Bill #16, which is a Physical Therapy regulatory bill, containing amendments which were favorable to our profession. By keeping close watch on pending bills the Washington Chapter Legislative Committee had spiked efforts to get the bill passed in its original form, which would have been very detrimental to many of our members. John Murray resigned as editor of the Washington Massage News, and the April issue was the last one put out by him. New editor was Arthur Dunbar and due to the lack of material, only two issues have been published since. All officers were re-elected in the yearly Moses Lake meeting.

The chapter enjoyed the full cooperation of the Police Department. A festive Christmas party was held on December 14th.

In California, Unit 4 was re-activated in October and Unit 5 was formed in Arcata. The first meeting of Unit 5 was held May 5th with fifteen members and guests present. Other meetings of the year were held in July, September and November. Bessie Erfurth was moved to a nursing home and members were still helping her with what they could. Most faithful in helping her was the Lowell Spangle family who had helped day and night, anytime there was a need, for about fourteen years, without a word of complaint. Bessie was well loved by all who knew her, but love could not hold her to this earth, for she went to meet her maker on December 31, 1963. New officers for Indiana Chapter were; President William L. The official colors selected and voted upon were blue, gold, red and white. New membership pins were to be made up with these colors in the near future. The year book, decals and registry certificates all came in for a revamping. It was decided to select convention sites three years in advance instead on one as previously done. For list of national officers check Appendix in back of book. Members in North Dakota had outdone themselves to show delegates a fine time in their state. All North Dakota officers were re-elected.

office.

Since no suitable Slogan was offered, Wisconsin Chapter donated the \$25.00 prize money to the Fink Film Fund. All officers remained the same.

1964

The year 1964 brought the biggest national membership drive which had been entered into to this date. George Gammon, 1st Vice-president, had launched a program which he figured would put us over the 1000 membership mark. With mal-practice and health insurance to offer prospective members, they could save more than their yearly dues. National President Samuel Dahlgren urged state chapters to work hard to get massage laws passed, for it was the only way we could have adequate protection. During this time there were only seven states which has Massage Acts, and four other states who had City Ordinances to license massage. The A.M.T.A. now had a library of books which were in the keeping of Mary Veenstra, Detroit, Michigan, which were available to members for one dollar rental monthly.

In Arizona Chapter, work was begun to revise the state law concerning massage. It is noted that in Arizona, the classification of Massage and Therapist does not conflict with Physical Therapy. A study was made of massage bills from many states and after a great deal of deliberation it was decided to use the state of Montana's (rough draft) bill, with revision. On March 4th the bill had been revised and was ready for presentation in 1965. In early fall a membership drive was put on and every operator in the state was contacted. They gained fourteen new members making making a total of thirty-one. All officers were retained another year to complete the job of legislation which they had started.

In California, Attendance Certificates which would specify hours instead of days attended in Study Group (formerly called workshop). This change of wording was made to meet approval of the State Board of Education. All was in readiness for George Gammon and Adrian Freyling to present the massage bill in a few short weeks and members were working hard to raise the needed money. Plans were set to enter it in the 1965 session of the Legislature in January. December 1963 a few members met together in Santa Rosa with an interest toward forming a Unit in this district. The Unit 6 was formed in the February meeting and the first official meeting of Unit 6 was on March 30th. A plan was worked out whereby members would assist Adrian Freyling in his dedicated effort to come

up with a strong bill for legislation. \$55.00 was donated to the Legal Fund.

General Meeting of the California State Chapter was held February 15th and 16th in Millbrae with thirty-five in attendance. It was decided to call the association the California Massage Therapy Association (C.M.T.A.), affiliated with the A.M.T.A. The members were instructed that the California Physical Therapy Association and C.M.T.A. would not be consolidated, that they would remain separate and independent organizations. Members in the Long Beach area were seeking to change a law which forbade one to give a massage to the opposite sex. The State Convention met June 26th, 27th and 28th in El Segundo. More work was done on the Bill. Opposition to the bill was strong among some factions in the state and a real battle was anticipated. Money needed to carry on the fight was a prime subject. State officers installed were; President Wendell Payne, Vice-president Mia Fischer, Secretary Anna Hoopes and Treasurer Katherine Dunagan. Directors remained the same as in 1963. Forty were in attendance.

Colorado Chapter, with six active members, felt that the contemplated Health Department would be "rough" on massage therapists. They anticipated a night school to be opened soon offering a massage course. All state officers were re-elected.

Georgia State Chapter held two annual meetings, one in February and the other in October, where they featured work shops. David S. Carlson, head of their legislation committee stated that they had decided against entering a bill this year, after eight attempts. All officers were re-elected.

Spangle, Corresponding Secretary Esther I. Spangle and Chaplin Nelle R. Towe.

Iowa Chapter was host to the Mid-western Conference, at Davenport on April 11th and 12th, 1964. Members were able to defeat an unfavorable bill presented by the registered physical therapists by having petitions signed by five thousand persons and sent to congressmen. This was especially due to the efforts of Don and Myrtle Hudson. All state officers remained the same.

Kansas Chapter officers of 1964 were Judea W. Nizzla, President, Mary G. Richoy, Secretary-treasurer and Catherine R. Adams, Director.

Massachusetts and Rhode Island Chapters had an unusually interesting meeting at Westwood Lodge, Massachusetts. Speakers were Margaret Holmes, Occupational Therapist and Dr. Martha Brunner-Orme, Chief Psychiatrist from the Lodge. Members enjoyed a tour of the Lodge and refreshments. They were getting fine newspaper

publicity for their meetings. They gained six new members with some re-instatements. George, 1st Vice-president Thelma G. Kindsman, 2nd Vice-president Michael Marchisin, Secretary-treasurer Virginia C. George, Assistant Secretary-treasurer Lennea E. Jacobson and Chaplin Emily W. Montana Chapter with forty members were holding two day meetings twice yearly in Billings and once a year in Great Falls. They worked hard all year acquainting their politicians and legal advisers about their work and the necessity of having a license. Officers remained the same.

The Nebraska Chapter with a membership of twenty-four had two yearly meetings with workshop and speakers. A fine was imposed on members who were tardy or used incorrect terminology. The chapter was also a unit of the National Health Federation. New officers were; President Harold Collins, 1st Vice-president Warren L. Strunk, 2nd Vice-president Olive H. Bausch and Secretary-treasurer Agnes Switzer.

The Nominating Committee was to consist of two members from each district and one
